

Ponarasu Arulkumar

Front-End Developer

Motivated to pursue a challenging career where I can learn, adapt, and grow. Eager to collaborate with teams and experts to develop skills and contribute meaningfully.

PROFESSIONAL EXPERIENCE

Leora Infotech Private Limited

Jun 2024 - Present

AI Interview Platform – aiinterview.space

Contributed to landing page UI, proxy, and report sections; improved frontend structure and data handling; learned and applied Redux-Saga for managing side effects and asynchronous flows.

Applicant Tracking System – alp.screening.space

Designed and developed a responsive landing page for ScreeningSpace, building reusable UI components to enhance user experience, performance, and maintainability. Gained hands-on experience with frontend features and best practices.

NBFC | Non-Banking Financial Company Website

Developed a responsive financial dashboard for a Non-Banking Financial Company using React.js; integrated REST APIs to display real-time metrics like balances and transactions; implemented Chart.js for data visualization with reusable components and filters.

Intern, Leora Infotech Private Limited

Jan 2024 - May-2024

Familiar with front-end technologies such as HTML5, CSS, JavaScript, and React.js. Completed projects building responsive web pages and learning modern UI/UX principles.

Intern, Cognizant Technology Solutions

May 2023 – Aug 2023

Successfully gained valuable experience in automation testing with a special focus on selenium and java

PERSONAL PROJECTS

SAS MICRO

Developed a responsive website with a modern UI using React, Material UI, Tailwind CSS, and custom CSS. Integrated Material UI components to enhance design consistency and user experience.
